

Nannette Smith

I've called Centerville home for 30 years. My husband, James, and I raised five children here, while being actively engaged in our community. I love and respect the life that is afforded to citizens of our city.

Political:

I'm fiscally conservative. I respect the taxes paid by our citizens and will be diligent in my research of any proposed uses of that money. My core values stem from the Constitution. I understand the role of the city council is to be the voice of the people and to speak/vote in their best interest. I'm comfortable sitting in council with the purpose of solving problems. I'm an optimist by nature and love to find ways to help foster new ideas while staying within needed boundaries. I'm opposed to high density housing in our bedroom community.

Service:

- Precinct Chair
- State/County Delegate
- I've sat on special councils:
 - to resolve UTOPIA issues surrounding our debt dilemma
 - to find solutions for our urgent need of a new cemetery
- I've always been active in elections, considering local government vital to maintaining a good community.

Professional: I taught 4th and 5th grades. I own and operate a small business in Centerville
